Resolved that the Board are still of opinion that the retention of the District Medical Officer, Kolar Gold Fields, on the Board is necessary, as it does not involve much additional work on him, but on the other hand, enables him to be in touch with what is going on in matters of sanitation.

7. Read Government Proceedings No. 850-1—Agri. 109-07-14, dated the 26th July 1909, recording President's letter No. 109, dated the 19th July 1909, in regard to the opening of a Veterinary Hospital on the Fields, which is deferred for the present on financial grounds.

B. 132-08-12, dated the 16th August 1909, from the Secretary, General and Revenue Departments, stating that a general Regulation, similar to the Bangalore City Hackney Carriage Regulation, applicable to the whole State is under consideration, and enquiring whether in the meantime, it is desirable to extend Section 56 of the Police Regulation or any part of it, to the Kolar Gold Fields area.

Resolved that it be pointed out that the Board's finances are not in such a poor state as is imagined.

The abandonment of the Water Supply Project to the Cooly Colonies and also the construction of a Veterinary Hospital, will insure a saving of Rs. 37,000, thus leaving a closing balance of Rs. 52,818 at the end of June 1909. It is therefore hoped that Government will accord early sanction to the extra establishments required for the Conservancy and Collection Departments.
